E-Verify®

SAMPLE ONLY!

This employer will provide the Social Security Administration (SSA) and, if necessary, the Department of Homeland Security (DHS), with information from each new employee’s Form I-9 to confirm work authorization.

IMPORTANT: If the Government cannot confirm that you are authorized to work, this employer is required to give you written instructions and an opportunity to contact DHS and/or the SSA before taking adverse action against you, including terminating your employment.

Employers may not use E-Verify to pre-screen job applicants and may not limit or influence the choice of documents you present for use on the Form I-9.

To determine whether Form I-9 documentation is valid, this employer uses E-Verify’s photo matching tool to match the photograph appearing on some permanent resident cards, employment authorization cards, and U.S. passports with the official U.S. government photograph. E-Verify also checks data from driver’s licenses and identification cards issued by some states.

If you believe that your employer has violated its responsibilities under this program or has discriminated against you during the employment eligibility verification process based upon your national origin or citizenship status, please call the Office of Special Counsel at 800-255-7688, 800-237-2515 (TDD) or at www.justice.gov/crt/osc.

E-Verify Works for Everyone
For more information on E-Verify, please contact DHS:

888-897-7781
www.dhs.gov/E-Verify

NOTICE:
Federal law requires all employers to verify the identity and employment eligibility of all persons hired to work in the United States.

The E-Verify logo and mark are registered trademarks of Department of Homeland Security. Commercial sale of this poster is strictly prohibited.
Esta organización participa en E-Verify

MUESTRA SOLAMENTE!

Esta empleador proporcionará a la Administración del Seguro Social (SSA, por sus siglas en inglés) y, de ser necesario, al Departamento de Seguridad Nacional (DHS, por sus siglas en inglés) la información incluida en el Formulario I-9 de todo empleado nuevo con el propósito de confirmar su autorización de trabajo.

IMPORTANTE: Si el gobierno no puede confirmar que usted tiene autorización para trabajar, el empleador debe suministrarle las instrucciones por escrito y darle la oportunidad de ponerse en contacto con DHS o SSA antes de sancionarlo de cualquier forma o finalizar la relación laboral.

Los empleadores no pueden utilizar E-Verify para realizar preselecciones de solicitantes y no pueden limitar ni influenciar la selección de los documentos que usted presente para su inclusión en el Formulario I-9.

Para determinar si los documentos incluidos en el Formulario I-9 son válidos, este empleador utiliza la técnica de comparación fotográfica para comparar la fotografía que aparece en las Tarjetas de Residente Permanente, Tarjetas de Autorización de Empleo y pasaportes de los EE. UU. con la fotografía oficial del gobierno de los EE. UU. Asimismo, E-Verify verifica los datos incluidos en licencias de conducir y tarjetas de identificación emitidas por algunos estados.

Si considera que su empleador ha infringido sus responsabilidades en virtud de este programa o lo ha discriminado durante el proceso de verificación de la elegibilidad de empleo por su origen nacional o estatus de ciudadanía, comuníquese con la Oficina del Consejero Especial llamando al 800-255-7888, 800-237-7223 (para personas con impedimentos auditivos) o visitando www.justice.gov/ort/osc.

E-Verify funciona para todos

Para obtener más información sobre E-Verify, comuníquese con DHS al:

888-897-7781

www.dhs.gov/E-Verify

AVISOS:
La ley federal exige a todos los empleadores que verifiquen la identidad y la elegibilidad de empleo de todas las personas contratadas en los Estados Unidos.
Roadmap

• Why have employers check employment eligibility?
• Who is required to use E-Verify?
• How have unauthorized immigrants been affected?
• And what about legal immigrants and U.S. natives?
Motivation behind E-Verify

- Unauthorized immigrant population is large
- Moved into new parts of country during 1990s, 2000s
- Jobs are main magnet
- How to remove jobs magnet?
11 million unauthorized immigrants

Source: Pew Hispanic Center
Authorized immigrants more dispersed in 1990s, 2000s

Overview of enforcement history

• 1986: IRCA made hiring unauthorized immigrants illegal; required I-9 form
  – Lots of document fraud
Overview of enforcement history

• 1986: IRCA made hiring unauthorized immigrants illegal; required I-9 form
• 1996: IIRIRA required creation of authentication system
Overview of enforcement history

• 1986: IRCA made hiring unauthorized immigrants illegal; required I-9 form
• 1996: IIRIRA required creation of verification system
• 2003: Basic Pilot (now E-Verify) available in all states
Overview of enforcement history

• 1986: IRCA made hiring unauthorized immigrants illegal; required I-9 form
• 1996: IIRIRA required creation of authentication system; 3 variants piloted
• 2003: Basic Pilot (now E-Verify) available in all states
• 2006: Some states began requiring some or all employers to use E-Verify
How E-Verify works

• Employers enter info from form I-9 online
• Info matched to SSA and DHS records
• Tentative non-confirmation? Worker has 8 workdays to resolve
• Can evade via non-compliance or identity fraud
1/2 new hires go through E-Verify

Source: Orrenius & Zavodny (forthcoming)
States requiring E-Verify

- No E-Verify requirement
- Public sector/government contractors
- All employers
- Rescinded/ expired all or in part

Expected effects of E-Verify

• Reduce population, employment of unauthorized immigrants
  – But % employed could rise

• Effect on hourly wages of unauthorized workers theoretically ambiguous
  – Both demand and supply shift

• Poverty likely to rise among unauthorized immigrant families
What about everyone else?

• Less competition $\rightarrow$ increased employment, higher wages
• Or, higher employer costs $\rightarrow$ lower employment, wages
How measure effects?

• Traditional regression techniques
  – Look at population, labor market outcomes within states before and after E-Verify law in place
  – Control for business cycle, demographics

• Synthetic control method
  – Comparison to states with similar characteristics before E-Verify law in place (counterfactual)
Caveats

• Data limitations
  – Laws cause survey non-response to increase?
  – Compliance/enforcement varies by state
  – Proxy for unauthorized immigrants

• Spillover effects onto other states
  – People or businesses may move

• Do similar trends continue in synthetic control states?

• Exogenous laws?
  – Laws likely not adopted in a vacuum, but bias is unclear
Alabama: Fewer unauthorized immigrants than counterfactual
Arizona: Fewer unauthorized immigrants
Georgia: No change in unauthorized immigrant population
Mississippi: Far fewer unauthorized immigrants
North Carolina: No clear trend in unauthorized immigrant population
South Carolina: No drop in unauthorized immigrant population
Utah: Fewer unauthorized immigrants than counterfactual
Bigger drop in employment than population among unauthorized

Alabama: -57%
Arizona: -28%
Mississippi: -70%
Utah: -83%

Population
Workers
What about employment among legal immigrants and US natives?

• Bulk of evidence to date is at most small effects on competing legal workers
• Some evidence of higher employment among legal immigrants from Mexico
• Higher wages among less-educated, US-born Hispanic men
  – No effects on native, non-Hispanic white men
Implications for federal policy

• E-Verify another piece of enforcement toolkit
  – Interior enforcement underemphasized?
• Need to better understand why incomplete compliance, different effects across states
• Harder for businesses & workers to evade than state laws
  – Likely larger effects, but may be mixed effects for US natives
• Combine with a legalization program?
